**Which NEEF Decision does the project fit into (Select 1):**

Decision 2: Cheslatta Watershed Restoration & Stewardship

Decision 3: Nechako Watershed Restoration & Stewardship

Decision 4: Post-Secondary Research with Linkage to Nechako Watershed

**Geographical Scope**

What is the geographical scope of the project? Please note: The application must include a map that clearly identifies the geographical range of the proposed project.

**Project Summary**

Provide an overview of the project, including the linkage between the project, the NEEF Decision selected above and the NEEF Objectives.

**Project Goals**

Describe what the overarching goal of the project is and how the project aligns with and furthers the objectives and mandate of NEEF.

What are the specific goals and objectives of the project? If there are multiple goals and objectives, please list them all.

It is important that project goals and anticipated outcomes include enough detail to allow NEEF to understand how proposed activities will lead to informing management decisions, enhancement activities and watershed planning outcomes.

**Anticipated Outcomes**

List the intended outcomes for this project as defined by the overall and specific goals that were identified under the Project Goals.

**Deliverables and Work Plan**

Provide an outline of the proposed work plan for the project and include the following:

- Defined Tasks
- Timeframes
- Anticipated start and end dates
- Deliverables
- Timelines for interim reporting to NEEF

Note: Deliverables should refer to the goals, objectives and outcomes that were identified above.

**Measurement**

Explain how the project outcomes will be measured against the goals and objectives.

**Collaborators**

Identify established collaborators and in-development collaborators involved in the project and describe the nature of the partnership.

Where possible, applicants should seek partners to share costs and broaden the range of expertise to ensure the project is as successful as possible.

**Community Involvement**

A key component of projects is First Nations and Community engagement. Describe any First Nations and Community involvement or consultation.

## Letters of Support

Provide a list of organizations and individuals that have provided letters of support for the project.

Organization	Letter Attached

## Sustainability

Clearly explain how the benefits of the project will be implemented, realized and sustained into the future.

**Recognition**

Describe how you will provide public recognition of NEEF and NEEF Partners - Province of BC and Rio Tinto – as well as any other project partners.

**Project Income and Expenses**

The application must include an income and expense projection for the full term of your project.

The budget must include:

- a detailed breakdown of project expenditures.
- All matching funding sources (pending and confirmed).

Send the budget as an excel spreadsheet.

**Attachments**

**Check all documents that are attached.**

**Required Attachments:**

Budget (excel spreadsheet)

Map (that clearly defines the geographical scope of the project).

**Optional Attachments:** Limit attachments to those that are necessary and keep the documents concise.
